

# Poland - My country

Kinga Kozłowska

# About Poland

Poland is a country located in the central part of Europe.  
The capital of Poland is Warsaw.

# Holidays

We have many holidays in our country.

Each of these holidays reminds us of the important moments of our homeland.

These holidays are celebrated according to tradition.

Tradition in Poland is very important.

Our holidays are very attractive for people visiting our country.

# Geographical location of Poland

Poland is a country with beautiful landscapes.  
You can admire the charms of the Baltic Sea,  
mountains and beautiful lakes.  
Everyone can find a place for themselves here.

# Interesting places in Warsaw

In Warsaw there is a lot of interesting places.  
The best known are the Palace of Culture and Science  
and the Copernicus Science Centre.

# Animals

There are many species of animals in Poland that cannot be found in other countries.

It is thanks to the preserved wilderness in which they can live here as well as reproduce.

# National parks

In Poland there are some beautiful national parks.  
The national park is a place where all plants and animals are safe.  
The oldest national park in Poland is the Białowieża National Park.  
It is a beautiful place located in Podlasie.
